Profile

Aspiring .NET Back-End Developer with a strong foundation in computer science principles, including object-oriented programming, data structures, and algorithms. Specialized in developing scalable web applications using ASP.NET Core, C#, Entity Framework, and SQL Server. Proficient in building RESTful APIs and applying clean architecture and design patterns. Actively involved in competitive programming through platforms like Codeforces and LeetCode. Currently participating in an intensive Full Stack .NET training program through the Digital Egypt Builders Initiative, focusing on modern server-side technologies and robust database design.

Education

 **B.Sc. in Computer Science** Faculty of Electronic Engineering, Menoufia 2021
University Expected Graduation: 2026. Menofia, Egypt
Cumulative GPA: 3.0 / 4.0

Skills

Back-End Development

ASP.NET  Core, Entity Framework, RESTful APIs, MVC, C#

Database Design & Management

Relational Database Design, SQL, Microsoft SQL Server, Normalization, Joins, Stored Procedures

Software Engineering

SOLID Principles, Design Patterns, Clean Code

Problem Solving

Competitive Programming, Codeforces, LeetCode

Front-End Development

HTML, CSS, JavaScript, Bootstrap

Computer Science

OOP, Data Structures, Algorithms, Operating Systems, Networks

Programming Languages

C#, C++, Python, JavaScript, SQL

Version Control

Git, GitHub

Professional Experience

.Net developer trainee 06/2025 – present
Full Stack .NET Trainee Menofia, Egypt
Digital Egypt Builders Initiative (DEBI) – Ministry of Communications and Information Technology (MCIT)
June 2025 – Present
Currently participating in an intensive Full Stack .NET training program.
Focusing on C#, ASP.NET  Core, Entity Framework, and SQL Server.
Learning front-end technologies including HTML, CSS, JavaScript, and modern frameworks.
Building practical projects and improving skills in software architecture, APIs, and databases.

Expected to gain hands-on experience with Agile development, Git, and teamwork practices.

Full Stack .NET Developer (Summer Intern) Information Technology Institute (ITI)

07/2024 – 08/2024
Menofia, Egypt

Participated in a summer internship program as a Full Stack .NET Developer at ITI. Worked on building a full-stack web application using ASP.NET Core, C#, and SQL Server.

Developed and implemented user authentication, and applied MVC architecture. Gained hands-on experience in both front-end (HTML, CSS, JavaScript) and back-end technologies.
